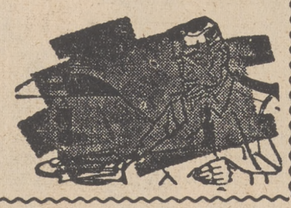
School Starts September 14 -- And It's Going To Be Cramped

The DIMMER VIEW

by Max Goodwin



Somebody Wants Her – The FBI

by Assemblyman John Stull

The recent frightening display of the invasion of a Marin County courtroom and the murder of a judge by militant radicals armed with guns registered to Angela Davis strikes a stern warning to those who would kowtow to the academic fraternity and retain her as a UCLA professor. Whether it disturbed the academic fraternity or not, it disturbed the FBI. This week the FBI listed Angela Davis as one of the ten most wanted persons in the United States.

It was this same woman, who as a student of Marxist professor Herbert Marcuse, espoused the Communist Party line. Her teacher apparently was quite effective for it was the weapons she purchased which were used to disarm a courtroom, force the kidnap of members of the court and destroy the life of a respected member of the judicial community.

January 12, 1968, records show that she purchased an automatic pistol from a Los Angeles gun shop. On April 7, 1969, she purchased an automatic pistol and a carbine rifle from a surplus store.

Even while this individual was buying weapons of violence, there were those sympathizers in our institutions of higher education who came to her defense when others asked that she be ousted from her teaching job.

It was during this period that many of us urged that Professor Marcuse not be retained in his teaching post at the University of California at San Diego for advocating revolution.

What would those who were sympathetic with Angela Davis's efforts to retain her job feel if they had known that she was apparently "voluntarily providing firearms, not only to dedicated militant communists who had been involved in many activities leading to violence on the campus," but also arming individuals who were plotting to destroy the sanctity of our courtrooms?

It is an alarming situation when we permit such individuals to enter our classrooms as instructors and to desecrate our government and its glorious history.

It is more alarming when we think that while they are preaching and advocating destruction, they are also physically moving toward such revolution. If not halted immediately, this will destroy our form of government.

Fortunately for us, both Angela Davis and her prize tutor Herbert Marcuse are no longer a part of our higher education system. And while there are still those who would sympathize with such individuals, perhaps in due time, these same individuals will realize that what they are supporting is really not academic freedom, but revolution by arson, riot and murder.

Both Angela Davis and Marcuse have been exposed as the revolutionists that they are, but it is indeed tragic that it had to take the shotgun murder of a judge before one of these individuals has been clearly shown to be an irresponsible member of our educational community.

Welfare Worm Makes Small Turn

In the less-than-immortal words of a local welfare-watcher came the observation that "the welfare worm turns but the turn is exceedingly small."

That is the hope, the promise — and the despair of an Assembly Bill (AB 48) signed into law earlier this month. It was authored by Assemblyman Ken MacDonald of Ojai.

The Bill, during its period of gestation, had local Assemblyman Wadie Deddeh waxing enthusiastic.

"If the Governor signs AB 48, we will have given not only the Governor, but the Attorney General and local law enforcement officials a much needed tool in handling those persons who abuse welfare programs," Deddeh said. The Governor signed the Bill on August 12.

The Bill makes it a felony instead of a misdemeanor for welfare recipients to obtain benefits by virtue of false statements as to their eligibility.

Deddeh said the Bill was made necessary because of a recent State Supreme Court decision. The court reversed a welfare fraud conviction tried under felony grand theft statutes. It held that current law permits prosecution of welfare cheats on misdemeanors only. This is true no matter how much money they defrauded the taxpayers of because of false statements.

"The legislation permits a felony complaint against persons who illegally receive more than $200 because of false welfare claims," Deddeh explained.

"The bill specifically permits the court latitude in dealing with welfare cheats so that the punishment can fit the crime," he said.

MacDonald's Bill, which goes into effect 61 days after the close of the 1970 Assembly session, was supported by the District Attorneys, California Peace Officers and County Supervisors Associations.

Thus does the worm turn although its turning moment is slight.

Who can tell? Maybe the color teevee and Princess telephone sets, and aid to the unwed male assuming role of spouse in the house may be the next crackdown.

Landscapes To Be Judged September 1

Judging for the state's finest landscaping will begin Sept. 1, according to Robert L. Weiland, President-elect of the California Landscape Contractors Association, sponsors of the contest.

This year's judging teams will be composed of noted landscape architects, veteran contractors, and professors of ornamental horticulture from the state's two Polytechnic Colleges at San Luis Obispo and Pomona.

They are expected to travel more than 4,000 miles as they criss-cross the state to inspect entries in 50 cities.

"Only professional, state-licensed contractors are eligible to submit entries," says Weiland, operator of Western Landscape Construction Company in Spring Valley. "Winners will be determined on the basis of craftsmanship, attention to detail, and quality of plant materials used."

Announcement of the winners will be made at the fifteenth annual Trophy Awards Banquet to be held in Santa Barbara in November. Eighteen major awards will be presented to contractors in residential, commercial, industrial, and public works categories.

The California Landscape Contractors Association is the oldest trade organization of its type in California, and the largest in the United States.

Public Health Lists Increase In Babies, VD

Venereal diseases are spreading and births are increasing Dr. J. B. Askew, San Diego County Director of Public Health revealed in his annual Report just released.

Reported cases were 32 per cent greater the first six months of 1970 than in a corresponding period the year before. Almost three-fourths of the total cases so far in 1970 were among youngsters 13-24 years of age.

Births in San Diego County reached a total of 23,931 — up 8½ per cent over last year's 22,042 total.

SDPH Department operates on a budget of $4¾ millions with $3½ millions going for salaries. Almost $2½ millions about 50 per cent of the budget — comes from revenues from public health contracts, fees, permits and subventions, Dr. Askew said.

SHADES OF LUTHER BURBANK — Mrs. Avis Hinton, of 7514 San Miguel st., Lemon Grove, has been working her garden this year, and has come up with some pretty fair results. Among her accomplishments were a batch of string beans, including one that was 27 inches long, a peach that weighed one pound, and some unbelievable zuchini squash, nearly two feet long.

Back Country Cyclists To Feel Arm of Law

"Easy Rider" is a cop!

Soon, the long arm of the law will reach into back country motorcycle trails as the Sheriff's Department implements a trail safety program authorized by the County Board of Supervisors.

Two patrolmen and two alternates from the existing staff will be trained in the use of the two rough terrain trail bikes recently purchased, according to Sheriff Joe O'Connor.

The rough-rider officers will enforce the County ordinance controlling motor vehicles on private property and investigate the 100-a-week average citizen complaints of noise, dust, damage and danger.

Eventully, more complete coverage of San Diego's 4,200 square miles and 37,000 plus registered motorcycles, will be given. An unknown number of unregistered off-road motorcycles and dune buggies will also be covered.

Patrolman will encourage cooperation among riders, land owners and law enforcement. The program will be supervised by the Sheriff's Community Relations Sergeant.

New County Park To Serve LG-SV Area

SAN DIEGO (CNA) — County supervisors agreed on Tuesday to hire a park planning consultant for Sweetwater Regional Park at an estimated cost of $35,000.

There was no discussion on the item as agreement had already been reached by the supervisors on the concept. The cost, however, will be borne by the county general fund rather than the Sweetwater River Flood Control District, as originally considered.

Sweetwater Park will have the main portion around the reservoir of Sweetwater Dam which is as close to the Spring Valley-Lemon Grove area as it is to National City-Chula Vista.

Discussions where held a number of months ago between the county, led by Su-

Underground District Aided by County Funds

The San Diego County Board of Supervisors this week established a new policy to underground utility lines, following correspondence with all 13 incorported cities in the county.

In the new program first priority goes to undergrounding in connection with County financed improvements of roads, parks, and other facilities.

Second priority goes to undergrounding along improved County roads and around County buildings and areas.

However, the undergrounding policy specifies special attention to community landscaping programs, requests from civic groups, and neighborhood assessment districts.

Underground utilities assessment districts may be formed when a majority of property owners agree by petition to finance 50% of costs.

LG Fire Report

It was a "quiet" week of Aug. 10-17 for the Lemon Grove Fire Department, with three fire calls and no rescue runs.

The department answered a call at 3:34 p.m. to the railroad right of way, after a grass fire had been extinguished by two young men on motorcycles, Aug. 12.

On Aug. 13 the department sent men and equipment to Spring Valley on a mutual aid agreement with the S.V.F.D. when that department was on fire call at Casa Market at 1:28 a.m.

At 12:22 p.m. on Aug. 16, firemen put out a grass fire in a vacant lot in the 7400 block Mt. Vernon, and there was no damage.

Films Available At San Diego Libraries

Films for use by individuals or organizations may be borrowed from many public libraries in San Diego County through the Serra Regional Library Film Circuit at no charge by those holding a Serra library card.

Seventy-three 16mm motion pictures were purchased by individual libraries and pooled to form the Film Circuit which includes the San Diego County Library.

19,000 Students To Attend Grossmont District Schools

More than 19,000 high school students are expected to be on hand when Grossmont District schools begin classes Monday, September 14.

Nearly 900 teachers and administrators will have been on duty a week when students arrive. More than 480 classified employees, including secretaries, clerks, custodians, gardeners, bus drivers, maintenance men and cafeteria workers, have also been working to have schools in order for opening day.

"We're expecting an increase of more than 1,000 students over last year's beginning enrollment," said Austin Sellery, district superintendent.

Largest increases are expected at El Capitan, Mt. Miguel and Santana high schools. Each expect more than 200 additional students to start the year.

Helix and El Cajon Valley high schools expect the smallest increases, about 30 at each school.

"Helix is already severely crowded for the classroom facilities which are available," Sellery noted.

The rest of the eight comprehensive high schools in the district, Grossmont, Granite Hills and Monte Vista, can also expect enrollment increases ranging from 70 to 150 students.

In addition, the Grossmont Continuation school will have about 300 students enrolled. Another 300 students will be in special education classes at various locations throughout the district.

"Despite the declining birth rate our high schools are still growing at a rapid pace," Sellery said.

"Were adding about 35 portable classrooms this fall to help ease overcrowding which is affecting all of our schools to some extent.

"Especially cramped for space are the schools in the western part of the district, Mt. Miguel, Helix and Grossmont.

Mt. Miguel will have close to 3,000 this fall and will have students attending on a 10-period day in a split-session arrangement to help reduce the large number of students on campus at any one time.

"Basically, students in grades 10, 11, and 12 will attend the morning session beginning about 7 a.m. Most freshman pupils will attend the afternoon session which ends at about 4 p.m.," Sellery added.

Some other district schools will operate 7 periods a day with some students coming an hour earlier in the morning and finishing an hour sooner.

Some of the enrollment pressures may be eased with the completion of a ninth high school at Jamacha and Hillsdale rd. However, opening of the school is not scheduled until September 1972. Construction is expected to begin in the fall of 1971.

The recent long-range facilities plan presented to the Governing Board indicated the need for a tenth high school to be completed before 1975. It also cited needs for additional permanent facilities to be built at Grossmont, Helix, Mt. Miguel and El Cajon Valley high schools by 1975.

Construction of a continuation high school and an adult school were also listed as priority items.

"The tenth high school and other needed additions by 1975 cannot be financed without passage of a school construction bond issue," Sellery said.

The last bond issue passed in 1966 for $6-million provided funds for improvements at all 8 high schools including 2 modern libraries, 20 classroom additions, science laboratories, a vocational/technical facility, numerous remodeling projects and funds to begin the ninth high school.

All the additions have now been completed with the exception of the ninth high school.

Vets To Get Increase On October Checks

An increase in monthly compensation checks for eligible veterans has now been announced by Donald E. Johnson, Administrator of Veterans Affairs.

President Nixon has signed into law the increase authorized by Congress.

The new rates will raise VA compensation from eight to twelve percent retroactive to July 1.

Veterans are urged not to write or call the VA regarding this increase as it will come automatically and VA officials are now working to set up veterans records.

VA officials explained it this way: the retroactive increase at the new rate will be received by veterans in the check for September 1970 that reaches the veteran about October 1.

Va officials explained it this way: The retroactive increase at the new rate will be received by veterans in the check for September 1970 that reaches the veteran about October 1.

Veterans can plans on the new rate and retroactive increase in the October 1 check. Contact with the VA in this matter will only serve to delay the processing of each individual veteran's file.

Learn Spanish the Easy Way

Hardison's Telespanish

By JAMES HARDISON

Is it possible for adjectives to be used as nouns in Spanish? For example, is it acceptable for the word "rojo" (red) which is normally an adjective to be used like a noun and, if so, how is it accomplished?

Adjectives may be used as nouns in Spanish. In considering the case you mentioned "rojo" is changed to the noun form by placing the article "el" (the) before it as in "el rojo" (the red one)..

There are many examples of adjectives being changed to nouns by using this same method. "Viejo" (old) is changed to "el viejo" (the old man), "nuevo" (new) is changed to "el nuevo" (the new one), and "rico" (rich) is changed to "el rico" (the rich man).

Plural forms of these same adjectives-turned-to-nouns may be constructed by preceding the nouns with "los" (the). For example, "el viejo" would be converted to "los viejos" (the old men), "el nuevo" would be changed to "los nuevos" (the new ones), and "el rico" is changed to "los ricos" (the rich ones).

These same adjectives may be converted to the feminine form. In these cases the articles "la" and "las" are used. Thus "la vieja" for "the old woman" and "las viejas" (the old women). Also, "la rica" for "the rich woman" and "las ricas" (the rich women) and "las nuevas" (the new women).

Phrases for pattern practice listed below contain variations of adjectives that have been changed to nouns. You may say them aloud with the recorded voice that says them for you when you dial 276-2762.

IMPORTANT PHRASES:

Say "Tengo el rojo." (TEHN-goh ehl ROH-hoh)
for "I have the red one."
Say "Pero es el azul." (PEH-roh ehs ehl ah-ZOOL)

USEFUL PHRASES:

Say "Cual es el rico?" (koo-AHL ehs ehl REE-koh)
for "Which one is the rich one?"
Say "Es el viejo." (ehs ehl vee-EH-hoh)
for "He is the old man."

OTHER PHRASES:

Say "Son las nuevas?" (sohn lahs noo-EH-vahs)
for "Are they the new girls?"
Say "Si, son las bonitas." (SEE sohn lahs boh-NEE-tahs)
for "Yes, they are the pretty ones."

Catholic Social Agencies Making Move To Plaza

Social service agencies and departments of the Diocese of San Diego have begun to move to the diocese's new center at Cedar st. and Fourth ave., known as the Cathedral Plaza.

They will be occupying the former convent of the Sisters of St. Joseph of Carondelet adjacent to St. Joseph's Cathedral, which is being remodeled to fit the needs of the social service personnel.

Cathedral Girls' High School, where the nuns used to teach, will be demolished to make way for the diocesan-sponsored high rise apartment complex for the elderly and retired.

At least nine diocesan agencies will have offices at the Cathedral Plaza, working with the new Catholic Community Services — an umbrella-type consortium headed by the Bishop Leo T. Maher, with Father Mark Doran as diocesan secretaries of charities.

The former convent's ground floor already is occupied by the Inter-Faith Community Center for Older Adults, started by Bayside Settlement House in co-operation with other groups. Bayside, of course, will stay at 226 West Date st.

Other agencies already at the plaza include CCS, with Robert E. Peer as coordinator; Office of Ethnic Affairs, headed by Father John Hurtado, who has moved his office from Our Lady of Angels; Division of Youth Activities, directed by Father Robert J. Pinta, who left the Diocesan Office for Apostolic Ministry at Alcala Park, along with his staff; and the Mexican-American Conference, with Robert Carvajal as executive director, another new office.

Other Catholic agencies will maintain their present location, but also open offices at Cathedral Plaza. These include St. Vincent de Paul Society, now at 630 Fourth ave.; Catholic Family Service, 2409 Fourth ave., and Mercy Clinic, 4077 Fifth ave., which will maintain medical and referral services at the plaza.

Mrs. Arthur Mullen, Community Service chairman, for VFW County Council Auxiliary, says that beautifully home-decorated cakes will go on sale at the picnic, donated by the presidents of each of the 36 auxiliaries throughout the county, depicting the theme of the newly-elected president, Mrs. Joseph Edwards — "Lend a Helping Hand."

Mrs. Edwards chose her theme from inspiration she received upon presentation of the poem, "What is My Task," written for her by Mrs. Wilbur Percival, well-known San Diego County poet, and past National Chairman of the Veterans of Foreign Wars, presently attending the VFW National Convention in Miami, Florida.

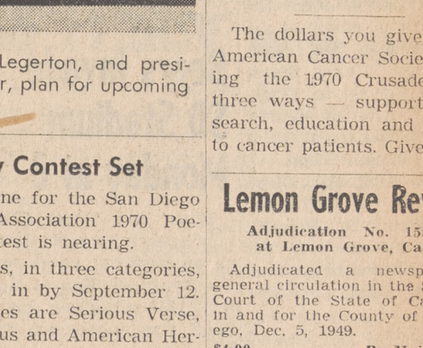
THE PHONE BOOTH



It's getting harder all the time to find an isolated hide-away, but now you can still get away from it all, yet keep in touch with the rest of the world. Last year the Bell System added a dozen new places to its overseas communications network including the Admiralty, Gilbert and Chatham Islands in the South Pacific.

In 1927, the year Lindbergh flew solo across the Atlantic, overseas communications consisted of a single radio-telephone circuit between New York City and London. Today you can reach 97% of the world's telephones in more than 200 countries and territories.

Registration for the November 3 general election closes September 10. If you'll be 21 years old by election day or are new in the community, you must register to be eligible to vote.

A new law makes it unnecessary for voters who've moved within a county to re-register. Such voters can now notify the County Clerk or Registrar of Voters by mail of their change of address and he will provide the necessary forms to be filled out. (Notices must be postmarked no later than Sept. 10.) You'll also be able to get these forms at many of our business offices where Pacific Telephone will again be providing voter registration facilities for your convenience.

Firehouse Remodeling Postponed

The Lemon Grove Fire Protection District Board of Directors decided last week to defer remodeling the fire station at 7853 Central ave., because of budget limitations.

Directors estimated that it would be "a couple of years" before the budget could stand the third phase of remodeling that had been recommended by the District's architect several years ago.

The station's office will be repainted and refurbished, however, directors decided.

Radio-Banned Minister Here For 'March' Talk

Dr. Carl McIntire, a New Jersey minister who is director of the 20th Century Reformation Hour, editor of the Christian Beacon, and chairman of the United States March for Victory in Washington, D.C., will be speaker Friday at 7:30 p.m. at Russ Auditorium in San Diego.

Mrs. Lila Buck, San Diego chairman for the October 3 march, said that Dr. McIntire will discuss reasons "why the U. S. must win the battle over communism and in Viet Nam."

She said that the Federal Communications Commission has overridden the report of its investigators and banned Dr. McIntire from the air after Sept. 6. It was claimed he violated the FCC Fairness Doctrine although the official reported disclaimed it, Mrs. Buck said.

Telemart Training Program Underway

A training program is now underway for the first 40 Tele-Shoppers who will be assisting customers when TeleMart opens its computerized home-delivery shopping service Sept. 13 in San Diego.

The women selected from over 350 applicants for sales ability, voice quality, vocabulary and memory, will receive an intensive three weeks of training. When TeleMart is in operation, the company will employ more than 160 Tele-Shoppers for the 40,000 member-customers of TeleMart.

CoC Meeting To Determine Best Broadway Improvement

The Lemon Grove Chamber of Commerce will make recommendations to the County Board of Supervisors regarding the coming improvement of Broadway following its meeting August 27 at the Burning T Steak Ranch.

The noon-time meeting will be devoted mostly to viewing proposed maps provided by County Engineers and deciding which best suits the needs of the local shopper, Bob Russell, Chamber president said.

Executive personnel of the County Road Department will join in the discussion. Howard Taylor, County Road Engineer, will review some of the possibilities he described at last month's meeting.

Broadway will be improved in early 1971 with funds already budgeted. Resurfacing and installation of median strips are already scheduled. More discussion will be held on converting the Broadway Lighting district to a maintenance district and include the surfacing, striping, and sweeping of the parking area between the main roadway and the sidewalk. Consideration will also be given to making the district into a T-shape and including a couple of blocks on Imperial north and south of Broadway. Such a district would cover the cost of plaza upkeep — a chore now underwritten by the L.G. Business Women's League.

Drug Abuse Pamphlet To Be Updated

The California Youth Authority's Drug Rehabilitation Information Project is attempting to locate all public and private organizations throughout California which aid drug abusers.

Data about these organizations is needed for an informational pamphlet, "Community Services on Drug Abuse," which is being updated and expanded to provide the most complete possible information for communities throughout California.

When published in December, this pamphlet will contain the name, address and services provided by every known organization that helps Californians with past or present drug problems. Lists of speakers and law enforcement agency information also will be included.

After December, the task of keeping the pamphlet up-to-date will be assumed by another state agency, the Office of Narcotics and Drug Abuse Coordination in the Human Relations Agency.

Bears Invade SD Stadium Monday at 8

When San Diego Charger quarterback John Hadl served as an assistant coach at the University of Kansas during the 1968 off-season, his star pupil was sophomore Bobby Douglass.

The Bears of NFL patriarch "Papa Bear" George Halas and Coach Jim Dooley also boast all-pro middle linebacker Dick Butkus and an unscathed record in 1970. Rebounding from 1-3 disaster last year, Chicago has defeated the Houston Oilers, 20-13, and tied the Green Bay Packers, 6-6.

IRS TAX ANSWERS?

F. S. Schmidt, DISTRICT DIRECTOR, INTERNAL REVENUE SERVICE

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q) What should you do if you get a bill for taxes you've already paid?

A) If you have paid the tax recently you can disregard the notice. It was probably issued before the payment had been credited to your account.

However, if the payment was made more than four weeks ago return the notice, indicating when the payment was made and where it was sent.

If you have a cancelled check for the payment also indicate any numbers stamped on the check by IRS. This will help trace the payment.

Q) Is it true that stock market losses are only partially deductible under the new tax law?

A) The new law does make changes in the handling of long-term capital losses. These losses can still be used to offset capital gains, but when long-term capital losses are greater than capital gains, each $1 of the loss can be used to offset only 50c of ordinary income.

Short-term capital losses continue to offset ordinary income dollar for dollar.

Q) I work two jobs and both employers are taking out Social Security. Can I do anything about it?

A) The law requires each employer to withhold Social Security tax on the first $7,800 of an employee's wages. If more than the maximum of $374.40 is withheld for Social Security tax in 1970 because you had more than one employer, you can claim a credit for the excess on your 1970 income tax return.

Q) I do a lot of traveling on my new job. What kind of records should I keep on my food and lodging costs?

A) A cancelled check together with a bill stamped paid can be used to establish the amount of your lodging and the date. A diary or similar record of your meal costs is acceptable if entries are made when the costs are incurred.

Rules on travel expenses are detailed in Publication 463, Travel, Entertainment and Gift Expenses. For a free copy write your District Director.

Q) Can a self-employed individual set up his own retirement plan?

A) Yes, if you are in business for yourself you may deduct your contributions to a self-employed retirement plan, provided that the contributions are based on earned income. Your business can be either full or part-time.

For details, send a post card to your District Director and ask for a copy of Publication 566, Questions and Answers on Retirement Plans for the Self-Employed. It's free.

Q) There have been some changes in my tax situation since I filled out my estimated return in April. Can I change it now?

A) Pes, recompute your estimated tax on the worksheet included in your 1040ES package before you make your third installment payment in September. The amended tax figure and the new payment amount should be shown on the voucher you send in with your payment.

Six District Students To Spend School Year Abroad

Nearly everyone has heard about the AFS exchange program, bringing foreign high school students to the United States. Few have heard of it's parallel, Americans Abroad.

Americans Abroad is a highly competitive program allowing high school juniors and seniors to spend a school year in a foreign country. Any high school in the United States hosting an AFS student may submit two candidates for the program. All eight Grossmont district high schools qualify. Competing on a national level, six district students were chosen. Approximately 15,000 U.S. students take part in the Americans Abroad program yearly.

Kids Get TLC From Nurses At Children's

In this day of modern medicine where progress has enabled us to achieve things never before dreamed of, it's strange to note that at Children's Hospital one of the frequently used items is the old-fashioned rocking chair.

Pediatric nursing at Children's, in fact, includes another old-fashioned thing, "tender loving care".

Any new nurse who begins work at Children's Health Center must undergo a two week orientation session regardless of her past experience in nursing. Included in this session is the philosphy of care at Children's Hospital and familarization with policies and procedures.

Intensive care of the new born and a study of normal child growth and development are a part of the on-going educational programs. Each new nurse's capabilities are carefully evaluated, for example, a nurse may need special training in caring for the child who may have been born with a congenital defect.

After the orientation, nurses are assigned to one location such as intensive care, medical or the surgical ward and she will usually remain in this location in order to allow time for her to become fully knowledgable about all procedures.

If the family is unable to visit the child frequently because of personal reasons, an Occupational Therapist or recreational volunteer will visit the child and usually this same person will continue seeing the child so the child can relate to someone familiar.

"One very unique thing here", said Miss Cave, "is the working relationship of all nursing personnel at the various stations and their total dedication to children."

Practice Starts Monday For Aztec Gridders

"Make the most of it." That's the prime thought right now of would-be San Diego State football players. The comment reflects the fact they have less than a week of "freedom" before drills begin on August 24.

"You start to get a little tired toward the end of the season," comments head coach Don Coryell, "but after a few months you begin to miss it all. Right now we're all champing at the bit to get going."

The Aztecs will go through physical examinations this Sunday, Aug. 23, at 1 p.m. in Peterson Gym to officially kickoff the 1970 season.

Actual drills will commence on the following day (Monday, Aug. 24) in preparation for the season's opener Sept. 12 in DeKalb, Illinois against Northern Illinois University.

Skygrove Baseballers Get Honors From Supervisors

Boys' baseball in San Diego County was saluted by the Board of Supervisors this week, with special recognition going to the Skygrove All-Star Pony League team.

The Skygrove team, located in the communities of Lemon Grove and Skyline won its league, division, district, and San Diego County championship.

In a resolution sponsored by Supervisor Harry Scheidle, and signed by all Board members, the Pony League baseball program was cited for the excellent summer activities it provides for hundreds of teenagers throughout the County.

The Board then declared August 18 as Skygrove Pony League Day and asked that all citizens pay particular honor to Pony League baseball.

With the All-Star team in attendance, league president Bill Ledbetter accepted the proclamation from Supervisor Scheidle.

Major league recognition was given the team when a representative of the San Diego Padres invited the team to the August 21 game with the St. Louis Cardinals.

Bob Barton . . . "Play To Win"

Winning Is More Important Than Knee To Bob Barton

The play generally went unrecognized. But it won the game and it tells what should be told about the man who made it.

The bases were full and there was one out and the score was tied in the seventh inning. The batter sent a sharp grounder to short. The ball was fielded without a mishap and the throw to second to start an inning-ending doubleplay was true and swift. But there was no doubleplay.

The Padre runner going from first base forced his hard and truculent slide to carry him into the rival second baseman, his knee colliding with his opponent's knee and knocking his rival to the ground. A run scored, a game was won.

Robert Wilbur Barton several days later sent the laces through the eyelets of his spikes and smiled as a man recalled the catcher's heroics as a base runner.

"The only thought I had sliding into second was to go after the fielder," he said. "It was my job to break up the doubleplay."

The knee that he sacrificed willingly had been maimed severely only two seasons past. Doctors wanted to operate at the conclusion of the 1968 tournament but Barton rehabilitated the detached ligaments through two winters of painstaking exercise. And then with one slide he put his entire career on the line for his team.

"That's the only way I know, to play to win," he said. "When I quit I want to be able to look back and believe that every game I played I gave 100 percent. If I can do that, then I will have no regrets."

This is his seventh season in the majors and he sadly reflects that in all that time he has never been summoned to start more than eight consecutive games.

"I am more confident of my place as a major league catcher today than I was two or three years ago," Barton said. "I have the confidence that I am going to do a good job for any team.

"I do admit that often it has been frustrating and disappointing. But baseball is my life. And that's all a part of baseball."

Three Alumni Gridders To Coach USIU

Three former United States International University gridders have been named as assistant coaches at their alma mater for the coming season, which opens with a game at Hawaii Sept. 19.

Jimy Anderson, Dante Scarnecchia and John Turek, who were members of the USIU team that had a 7-3 record last season, will serve as graduate assistants under head coach Marv Braden, beginning his second year at USIU.

Anderson, who gained NAIA All-District 3 recognition as a defensive end, will coach the defensive ends and linebackers. He played two years varsity at USIU and prior to that earned two letters at Taft J.C. and at John Harris High School in Harrisburg, Pa.

Scarnecchia will work with the offensive line. He played guard for two years at USIU. He also prepped at Taft J.C. and played football for Montebello High School.

Turek also will coach the offensive line after playing two years of tackle for USIU. He started his gridiron at Sunny Hills High School and played two years for Fullerton J.C.

Smilin' Ed Keeps Kicking, Moves Closer To Point Leader Bullen

Ed Hale is continuing his second-half kick at Cajon Speedway, moving closer to the top in the super stocks and modified point standings.

Last Friday night, the Lemon Grove leadfoot competed in three categories, moving well in all three. He nailed down the win in the figure eight semi-main, but couldn't get his car into the main event due to engine trouble.

In modified competition, he picked up enough points to move into fourth place in the standings, ahead of Dick Fries, and in back of Don Hamilton. In the mini-stock events, he broke into the top ten with a fine performance.

On Saturday night, Smilin' Ed set a new track record for qualifying as he turned in the fastest time of the night, before winning the super stock main event.

For Hale, it was his fifth main event victory of the season, and it moved him to within 255 points of leader Russ Bullen in the point standings.

Other area drivers fared well last week end, as Jim Hitt finished in the top five, along with Pat McIntyre, in super stock action.

Hitt, who hails from Lemon Grove, nailed down third, and McIntyre, a Spring Valley pilot, finished fifth.

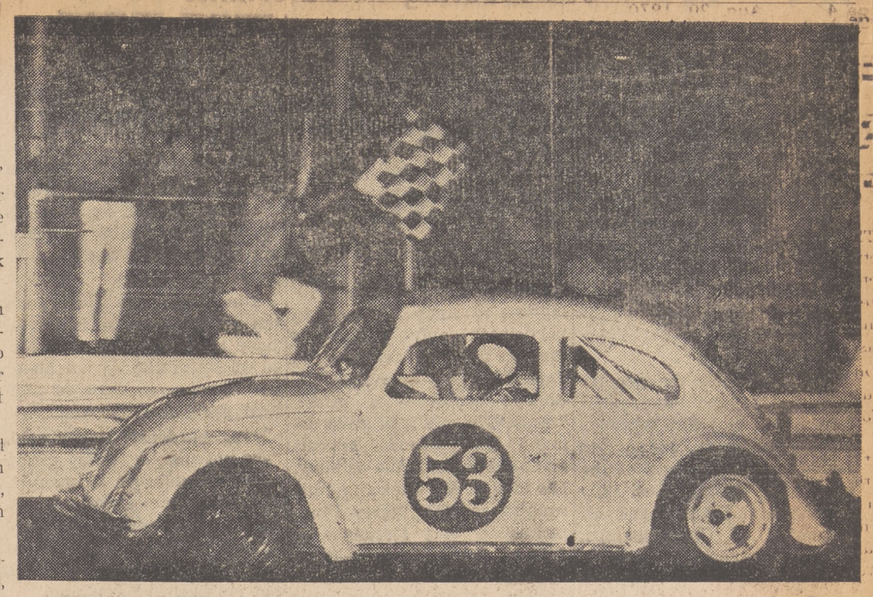
In figure eight action, Dean Erwin, of El Cajon, still leads the pack, with only five more evenings of racing on the season.

Erwin, formerly of Lemon Grove, holds a 210 point lead over Hale, and has six mains to his credit compared with four for Hale.

Other area drivers in the "eights" include Mike and Gene Klein, Spring Valley drivers. Mike is in fifth place in the points standings, with Gene close behind in seventh.

Plenty of racing action is scheduled for this week end, as Hale and Bullen lock horns in the battle for super stock points, McIntyre, Hitt, and John Dineen battle for third place in the standings, Hale challenges leaders in the modifieds and minis, and Dean Erwin tries to repeat as victor in figure eights.

Race time for modifieds, minis, and figure eights is 8 p.m. following qualifying at 6:30 p.m., Friday. The super stocks roll into action Saturday night with time trials at 6:30 and races at 8 p.m.



CHECKERED FLAG — Ed Hale, of Lemon Grove, who drives most anything on wheels, flashes his traditional smile as he comes across the finish line in his new mini-stocker. Hale, who climbed into the car two weeks ago and promptly set a new record for the trophy dash, and won the main event, also pilots a modified car, a figure eight car, and a super stocker at the Cajon Speedway oval.

A record 650 junior golfers, ranging in age from 6 to 17, and hailing from 20 nations and 28 states, will tee off Tuesday, in the third annual Junior World Golf Championships at five area courses.

Cards Lead Invasion Of Padre-land Friday

SAN DIEGO — Starting tomorrow, you're invited to sit in on the spoilers.

The Padres last year battered the Giants during the pennant stretch, sending San Francisco to the sidelines as an also-ran.

Then the local lads knocked flat the Dodgers four straight in a monumental series sweep that startled the entire baseball world.

Now it's the scrambling eastern division teams that the Padres are scheduled to rough up during an 8-game home stand that commences tomorrow.

The Cards arrive for night games at 7:30 Friday and Saturday and a single game at 1 p.m. on Sunday. And the Pirates move into San Diego Stadium Tuesday and Wednesday nights with the Cubs scheduled for skirmishes the following weekend.

All three San Diego opponents are caught up in a whirlwind pennant drive, a drive that the Padres expect to toss into complete confusion with a stretch of victories.

But there's much more than the outcome of a pennant race going for the San Diego baseball fan in the next 10 days. There's a galaxy of stellar promotions that are appealing to everyone.

At tomorrow's home stand opener against the Cards all fans present will receive a special packet of autographed pictures of several Padres. The list includes Al Ferrara, Ollie Brown, Ed Spiezio and Tommy Dean. It'll also be Smokey The Bear Night with Smokey himself on hand to toss out the first ball and also to toss several other baseballs into the stands.

Saturday will be Ladies Night and then on Sunday Little Swingers will be admitted free to the game. Sunday also will be Recreation Department Day with special events, including a banner and poster contest, planned for those in attendance.

Three Features To Draw Top Horses In Del Mar Events

DEL MAR — Three of the most important, and intriguing, feature stakes of the Del Mar summer season will bring out the big horses this weekend. Billed are the $50,000 Sorrento Stakes on Friday, the $20,000 Cabrillo Handicap on Saturday and the $15,000 De Anza Stakes on Monday.

The Cabrillo, for older stakes stars, will be decided on the main track over the Crosby course, a distance 60 feet less than a mile and one quarter. This event will serve as the major test for the $50,000 Del Mar Handicap, set for Labor Day here at a mile and three furlongs on the infield grass course.

T.V. Commercial, winner of the San Diego Handicap the first Saturday of the current meeting, will be the probable high weight for the Cabrillo. Also named is the Bing Crosby Handicap winner, Bargain Day; the Australian champion, Daryl's Joy, and the good route performer, Makor. All four are trained by the estimable Charlie Whittingham.

U. S. women are usually fatter than Canadian females, says the Public Health Service.

Hucalak May Lose Job With Gulls

Irv Spencer, a Detroit Red Wing defenseman, will probably replace Dennis Huculak this year, Max McNab, Gulls general manager-coach told newsmen at the regular meeting of the Sportscasters-Sportswriters Assn. at Casa di Baffi Tuesday.

"Dennis hasn't been able to make up his mind that hockey is his game," McNab said, "and we can't wait for the season to start before he decides.

"The Red Wings made Irv available and we grabbed him," McNab said.

The San Diego Gulls will open training camp on Friday, September 18, in Trail, British Columbia, with 23 players currently due to report.

The players are scheduled to report on Thursday, September 17, with opening drills slated for the following morning at the Cominco Arena in Trail.

The tentative training camp list includes 22 professionals and one amateur — goaltender Gary Simmons. Simmons will be attending his fifth San Diego Gull training camp, and may be a player to watch.

Andy Williams Joins Big Three In Torrey Pines Benefit Golf Exhibition

Torrey Pines Headquarters received word that Andy Williams will play at the Save the Torrey Pines Golf Exhibition September 5 at Torrey Pines Golf Course.

Spokesmen for the popular television singer and entertainer said that Mr. Williams would be most happy "to teach the fine points of the game" to Gene Littler, Billy Casper, and Dick Mayer, all former U. S. Open Champs, and his partners in the benefit exhibition.

The event at Torrey Pines, starting at noon with a golf clinic, and followed by an 18-hole match on the South Course by the above foursome, promises to be one of the finest exhibitions of golf ever given in the U. S.

Art Witzleben, director of the Torrey Pines Golf Exhibition, who has staged hundreds of golf clinics and exhibitions around the country, says that this exhibition will be one of the best he will ever be associated with.

Witzleben said that the willingness of Andy Williams to participate only points out the fact that the saving of the Torrey Pines is a keynote, national conservation effort. "Andy Williams is in great demand for personal appearances throughout the country. His love of San Diego, and his concern for the Torrey Pines makes us very fortunate indeed to have him appear on September 5," said Witzleben.

Andy Williams of course has his own San Diego Open Golf Tournament held in San Diego in the early part of each year, a tournament which attracts the best players in the country.

The public is invited to attend this exhibition for a minimum donation of $2 tax deductible. Tickets will be available throughout the County at regular ticket sales outlets such as the Lion Clothing Store downtown, Ginder's Sporting Goods in La Jolla, Stanley Andrews Sport Goods, downtown store, and the Torrey Pines Pro Shop prior to the exhibition and at all gates to the grounds on Saturday, September 5.

Donations of $100 or more will permit donors to special seating at the 30 minute clinic, preceeding the match. The clinic will start at noon. There will be no charge for parking.

Round Steak Economical

Popular California round steak is an economical buy as it has little waste. It can be divided into three portions which vary in tenderness. Top round is most tender and can be broiled or barbecued. Beef bottom round requires braising in all grades. Eye-of-the-round can be roasted or thinly sliced and pan broiled.

Mills Halts Tax Relief Says Boney

Henry Boney, Republican candidate for State Senate in the 40th District, accused his opponent, Jim Mills, of delaying much-needed tax relief to property owners.

Boney said the Governor's tax reform program is a vital issue that should be considered on its merits — not along the "narrow confines of political party maneuvering."

"Tax burdens," Boney said, "are not unique to any group — to Republicans, Democrats, Liberals or Conservatives. Tax burdens cross party lines and it is in this context that tax relief should be viewed, not political maneuvering."

The candidate said: "I'm not standing here handing you a lot of lofty, Ivory Tower talk and academic theory . . . I'm telling it plain, like it is — that this is a matter that hits where it hurts — at our pocketbooks, our family budgets."

Passage of the Governor's tax reform program, Boney said, hangs within the slim margin of a single vote.

"And where is Mr. Mills?" he asked. "Where is the man who is supposed to be representing you? He's taken a stand against this measure that can bring long-overdue relief to the property taxpayer, and especially the homeowner, who for years has carried an unfair share of taxes."

Bank Beats Average

Southern California First National Bank showed a midyear deposit increase of more than twice the national average and is ranked 103 in total deposits among the nation's approximate 14,000 commercial banks, according to figures released by the American Banker, a national daily financial publication.

The figures are based on an annual survey of the nation's top 300 banks as of June 30 conducted by the American Banker.

With midyear deposits up only 3.1 percent compared with a year earlier, the San Diego-based SCFNB recorded a 7.2 per cent increase from $505,758,604 to $542,311,440 for the same period.

SUPER-SLOOP — This 30 foot sloop was built by Don Minnick, of 8019 Darryl st., Lemon Grove after two years in the construction.
Minnick built much of it in his cabinet shop at 7936 Lester ave. His brother, Albion, spent more than 100 hours hand-carving the wheel. He named the sloop the "Gail-D" — his wife being Gail and his first initial being the rest.
Minnick claims the 16 h.p. Diesel uses a quart of fuel an hour. The speed is 6 knots.

Tryouts Planned Over Week End For Old Globe Season Opener

Actors and actresses are sought to audition for the first play of the Old Globe Theatre fall season. Producing Director Craig Noel will conduct the open readings and direct "The Night Thoreau Spent in Jail." Authors of the new drama are Jerome Lawrence and Robert E. Lee, well-known for creating such hits as "Inherit the Wind", "Auntie Mame" and the musical "Mame."

"The Night Thoreau Spent in Jail" centers on a single incident when Henry David Thoreau was arrested in 1846 for non-payment of taxes. Action flows to flash-backs and nightmares to depict significant aspects of Thoreau's early life.

Mix a can condensed mushroom soup with 1/4 cup sherry and heat in same skillet. Pour over beef patties and bake in moderately hot oven (375 degrees F.) 15 minutes.

Tryouts for all parts will be held Sunday and Monday, August 23 and 24. Interested persons should meet in the Green Room of the Old Globe Theatre in Balboa Park at 7:30 p.m.

Speaking roles in "The Night Thoreau Spent in Jail" require eight men and three women. The leading part of Henry David Thoreau is about 25 to 30 years old. Other male parts are for a young boy 8 to 10, a young man in his early 30's, a Negro in his 30's and several important character roles for men in their 40's and 50's.

The three female roles require a girl about 20, a woman in her early 30's and Thoreau's mother, in her 50's.

Noel emphasized that all the roles in "The Night Thoreau Spent in Jail" offer an excellent opportunity for characterization. No roles will be cast prior to the public auditions. There are also several non-speaking roles for men and women to portray the townspeople of Concord, Massachusetts in 1846.

SLOBB Divers To Clean Up Underwater

Navy divers with a specially equipped landing craft will head the final SLOBB (Stop Littering Our Bays and Beaches clean-up campaign, 10 a.m. to 11:30 a.m., Saturday, at the Navy Fleet Landing, "G" and Harbor sts.

The Navy will demonstrate various diving methods while searching the area for debris. A booth exhibiting diving gear and model diver will be manned and open for public viewing. Additionally, the San Diego Port District will show methods used in water pollution abatement.

Two master divers, Smokey Sarratt, 3729 Marzo st., Imperial Bach, and Bobby Dykes, 140 N. Sunshine st., El Cajon, and six first class divers will search the underwater area for litter. All are instructors at the Navy School for Second Class Divers, located at Pier Six, at the Naval Station.

Earlier this summer, instructors from the school participated in the SLOBB clean-up campaign of Mission Bay. "Seven of us took part," said Quartermaster First Class Eddie Clonts. "We helped clean up the area, charged air bottles for other civilian divers and removed litter from the bay. We found, besides the usual cans, bottles and other debris, an old couch, lawn furniture, oil drums and one old porcelain commode."

Cast Named For USIU Opera, Mozart's 'Figaro'

Zoltan Rozsnyai, conductor of the San Diego Symphony Orchestra and artistic head of USIU's School of Performing Arts' Music Division, will conduct "Figaro," and Dr. Jan Popper, artistic director of the Studio, will be in charge of musical direction for "Ariadne."

Zaven Tashjian, a bass-baritone from Santa Monica, has been cast in the title role of Figaro, while Emiko Liyama of Tokyo, presently a student in Vienna, will portray his intended, Susanna.

George Gibson, a bass-baritone and an artist in residence from Wichita, Kans., will sing the role of Count Almaviva, and Luana DeVol of San Bruno will portray his wife, Countess Almaviva.

Doors Set For Concert Saturday At Sports Arena

By Lynn Jones

After being absent from the concert circuit in San Diego for two years, the Doors will make an appearance Saturday, August 22, at 8:00 p.m. at the San Diego Sports Arena.

Suffering many set backs because of their approach, the group has changed their style yet maintained their hard-driving kind of music. Well known Jim Morrison, vocalist and writer leads the group with Ray Manzarek on the organ, John Densmore on the drums, and Robbie Krieger on guitar.

From the beginning of "Light My Fire, they were labeled as instant success. They have six albums to their credit, the latest being a live album recorded at the Spectrum in Philadalphia. Other albums are "Doors", "Strange Days", "Waiting For The Sun", Soft Parade", and Morrison Hotel".

Kuhn Says Van Deerlin Abused Frank Privilege

by Max Goodwin

James B. Kuhn, a certified public accountant who is seeking to unseat U. S. Congressman Lionel Van Deerlin (D-37th) accused the Congressman of impropriety in the use of his franking privilege.

He charged that a mailing to 161,000 "occupants" in the 37th Congressional District was for "political purposes" and demanded that Van Deerlin make $8,050 restitution or reply to the charge within two weeks or face a legal action by Kuhn.

Kuhn, the Republican candidate, told newsmen Monday that Van Deerlin's use of the frank for sending Get-Out-the-Vote cards to all residents of the district was "unethical, fraudulent or criminal."

The matter was the subject of a letter which Kuhn said he sent Monday to Van Deerlin, to the U. S. Attorney General, the Postmaster General, the Congressional Chairman of the Committee on Standards of Official Conduct, and to the chairmen of the national committees of both parties.

The cards about which Kuhn complained read:

"Dear Friend:

"The right to vote is the key to all other rights. But you cannot vote unless you are registered. On the other side of this card are listed the locations of deputy voter registrars. Don't throw away your rights as a citizen.

"Sincerely, Lionel Van Deerlin, your congressman."

On the other side of the card was:

"How to Become a Voter.

"By election day a voter must be 21 years old, a resident for one year. To register go to whichever of these locations is nearest you:"

Listed were two addresses of headquarters shared jointly with Assemblyman Wadie Deddeh and Senator James Mills. Three telephone numbers were listed. Two were the reminding people to register campaign headquarters of Van Deerlin-Deddeh-Mills. The other was the County Registrar of voters. None was identified.

Kuhn said the improper use of the frank gave Van Deerlin's campaign an $8,000 advantage.

In a prepared statement Kuhn told newsmen ". . . As a CPA . . . I've never gotten used to uncovering embezzlement by an employee of any of my clients. It always shocked me to discover an otherwise decent person jeopardizing his future for what is a relatively small bag of silver. I'm doubly shocked to discover this kind of a mistake by an elected officer of our government.

". . . from all appearances we have found the hand of our Congressman in the public till."

Franking privilege is given congressmen to disseminate information regarding government to the public.

Kuhn charges that the use of Van Deerlin's headquarters' addresses is a violation of privilege.

Van Deerlin had issued a statement regarding impropriety in the use of the addresses prior to Kuhn's press conference.

Van Deerlin had said; "If to vote is un-American, then I will have to plead guilty. The cards were sent to every postal patron in my district without any consideration to anyone's political preference."

If impropriety exists — and there is no indication at this point that it does — there is no specific penalty for it in the Congressional Code, observers said.

Senior Citizens Lagging Behind In Tax Refunds

A 13% lag in the filing of Senior Citizen property tax refund applications was reported last week by Richard Nevins, Fourth District Member of the State Board of Equalization.

"Only 46,000 out of a projected 75,000 eligible homeowners have filed their 1970 applications under the Senior Citizens Property Tax Assistance Law. In 1969, 52,000 had filed their claims at this date", continued Nevins, "a lag of 6,000 claims.

"Last year, 64,000 senior citizen homeowners received $7.8 million in property tax assistance, an average of $122.

"The deadline for filing claims is October 15, 1970. Applications are processed in the order they are received. A delay in filing is a delay in receiving your check.

"Several bills have been introduced in the Legislature broadening senior citizens assistance, which I support. The State must make a greater contribution to ease the property tax burden on this group of citizens", concluded Nevins.

Application forms are available at your nearest Board of Equalization and Franchise Tax Board Offices.

Beef Varieties

Variety cuts of California beef are especially nutritious and economical, too. Beef liver is delicious when quickly pan fried with onions and bacon, or for a change, cut in strips and deep fat fried. Beef tongue takes a long, slow simmer in a covered pan and is delicious served hot or cold with horseradish or mustard sauce. Makes great sandwiches, too.

INSPECTING — There was quite a blaze at Casa Market in Spring Valley last week, as smoke from the store brought two fire departments to the scene. The fire caused extensive damage to the rear of the building.

Van Deerlin Urges 'Dry-out' Aid For 80,000 Drunks in San Diego

WASHINGTON — A bill now pending in his own Housing Commerce Committee would help relieve a mouning alcoholism problem in San Diego County, says Rep. Lionel Van Deerlin, D-San Diego.

In a letter o Rep. Paul G. Rogers, D-Fla., chairman of the Commerce Subcommittee on Health, an Deerlin urged "prompt and favorable" action on a Senate-approved measure for stepping up efforts at all levels of government to rehabilitate alcoholics.

He cited official estimates that 80,000 of the 1.4 million residents of San Diego County are alcoholics. In a recent eight-month period, he said, more than 10,500 persons were booked at the San Diego City Jail for drunkenness or drunk driving.

"Obviously," Van Deerlin continued, "a successful rehabilitation program would pay for itself many times over in the resulting reduction of crime, accidents, lost time and wasted lives."

He noted the county has already embarked on an ambitious program for combating alcoholism. A proposed detoxification center, for intensive in-patient care, would complement an existing alcoholism out-patient clinic. While the county has budget $125,000 for the detoxification project this year, the project cannot be fully implemented without financial help — such as the pending legislation would provide — from state and federal sources.

Van Deerlin termed the county plan "very worthy," in his message to Rogers. The proposal would give persons arrested for drunkenness the option of going to jail or the detoxification center. Those choosing the center would receive three days of treatment and their arrests would not be recorded.

As passed by the Senate, the bill would authorize $395 million over the next three years, mainly for grants to state and local agencies. It also would establish a National Institute for the Prevention and Control of Alcohol Abuse and Alcoholism, which would coordinate all federal prgrams now dealing with alcoholism.

Van Deerlin said it now costs about $100 to arraign a suspected drunk, while a day's care in the proposed detoxification center would cost only about $35.

He said he hoped the bill could be brought before the House shortly after Congress returns from its August recess.

New County Park

pervisor Henry A. Boney, and the present owner, the California-American Water Company on lease acquisition by the county.

However, this promising approach fell through when the South Bay Irrigation District and National City announced intentions to condemn the company's water system.

Now the plan is for a 10-mile-long park from the dam to the bay, using flood control zoning as a major control factor. Boney said there are plans for a privately-developed fishing lake and another golf course in the river bottom.

Voter Registration Depot To Be Set Up

Mrs. Helen Baker, deputy registrar of voters for San Diego County, announced last week that she will set up a registration depot at Builder's Emporium, in the Spring Valley Shopping Center, today, and will operate it through Saturday.

The depot, to be operated from 12 noon until 4 p.m. each afternoon, will also be operated next week end.

Mrs. Baker noted that those who failed to vote in the November, 1968, election, must re-register in order to vote in this year's election. Also, new registration will be available to those who will turn 21 by election day, November 3.

Wilson Bill Opens Doors To Aid Young Drug Abusers

SACRAMENTO — First time drug offenders would be turned over to local drug treatment clinics under legislation by Assemblyman Pete Wilson, R-San Diego, which has received unanimous approval of the State Assembly.

The measure, AB 1416, provides that whenever an officer arrests a person for being under the influence of drugs, he must be released to the custody of a community treatment facility if the person informs police that he was on his way to obtain medical treatment for drug abuse.

Wilson said police records would then show the arrest would be classed as a detention only.

"Each person receives only one chance under the bill," the lawmaker said. "If he has been previously arrested and released under the provisions of the bill or if he has been arrested for any criminal offense short of a traffic citation, he cannot be released from police custody except under the normal bail bond procedure."

Wilson said the intent of the bill was to permit those who want treatment for drug abuse to visit the clinics in their community for help.

"Many first time victims of drug abuse are afraid to visit these clinics," he said, "for fear of being arrested. If such fear is a detriment to drug rehabilitation, society should establish the necessary provisions to encourage these individuals to get proper treatment."

Wilson said the bill was requested by local enforcement and drug treatment officials.

DEFY Takes Aid To Drug Abusers At City Beaches

DEFY, drug abuse prevention program of the San Diego County Health Department, has a new, mobile angle. It's a red and white beach van. Staff aboard the beach van who know the drug scene will "rap" with youth on the beaches where many youth experiment with drugs.

The van was in action for the time at Mission Beach from Belmont Park north to San Rafael st.

The mobile unit makes it possible for DEFY "to take its program to places where youth gather," according to Dr. J. B. Askew, San Diego County Public Health Director.

And right now, as a young, long-haired DEFY staff aide said, "The beach is where the action is at."

Emphasizing the seriousness of the extensive abuse of drugs in San Diego County, Dr. Askew said, "Drug abuse has become a public health problem of high priority and there's no easy solution. We're exploring many avenues. The van is just one of many innovative techniques for trying to establish communication with youth."

DEFY has a countywide, six point program aimed at decreasing the abuse of dangerous drugs and use of narcotics, especially by teenagers. Major program areas are: (1) community education; (2) counseling, information and referral on a 24-hour, 7-day a week basis; (3) public information by mass media; (4) consultation on drug abuse instruction in schools; (5) coordination of countywide drug abuse educational efforts; and (6) program evaluation and research.

Dr. Shibel Gets Grant From Christmas Seals

A $10,000 Christmas Seal pulmonary teaching program salary supplement has been awarded Dr. Elaine Shibel, assistant clinical professor of medicine, UCSD School of Medicine, and director of the pulmonary intensive care unit at University Hospital in San Diego.

The grant came from the Research and Medical Education Fund of the Tuberculosis and Respiratory Disease Assn. of California, which is supported by a percentage from statewide Christmas Seal contributions, according to Dr. Simon C. Brumbaugh, Lemon Grove-Spring Valley area chairman of the Tuberculosis & Health Assn. of San Diego and Imperial Counties.

In 1968 Dr. Shibel was the first woman recipient of the National Tuberculosis & Respiratory Disease Assn. Edward Livingston Trudeau Fellowship for training in respiratory diseases.

Dr. Shibel is a 1961 Graduate of Georgetown University Medical School, Washington, D.C. She came to UCSD in 1969 from a post as an instructor in medicient at the D.C. institution.

Unemployment Hits CYA 'Labor Force'

Rising unemployment has hit particulary hard at job opportunities for California Youth Authority wards on parole, according to a just-completed study by the CYA's Division of Research.

The study showed that the percentage of CYA "labor force" wards on parole who have jobs dropped sharply in 1970 after remaining fairly constant between 1966 and 1969.

In 1970, only 4,357 of 7,270 male "labor force" wards were holding full or part-time jobs, a percentage of 59.9 percent. From 1966 to 1969, the proportion who held jobs ranged from 66.1 to 69.4 percent.
